

EPD for Densified & Densified-Polished Concrete Flooring Systems

OVERVIEW

Curecrete now provides a third-party verified Environmental Product Declaration (EPD) for its densified and densified-polished concrete flooring system, including:

- Ashford Formula
- RetroPlate
- CreteClean Plus with Scar Guard
- RF Grind & Enhance
- KickStart

This EPD demonstrates transparent, data-driven sustainability and long-term performance backed by international standards.

EPD DETAILS

- Cradle-to-grave life cycle analysis
- Covers 1 m² of flooring over 60 years
- Compliant with ISO 14025, ISO 21930, and EN 15804+A2 (global EPD standard, including Europe)
- Verified by Labeling Sustainability
- Valid through September 2030
- North America applicability

WHY THIS EPD MATTERS TO YOUR PROJECT

- Supports LEED v4/v4.1 MR credits
- Provides transparent, verified environmental data
- Meets sustainable procurement requirements
- Facilitates ESG reporting and lifecycle analysis
- Aligns with global sustainability frameworks

KEY BENEFITS

- Confidence in environmental claims
- Verified product transparency
- Long-term durability and lifecycle efficiency

SPECIFICATION LANGUAGE

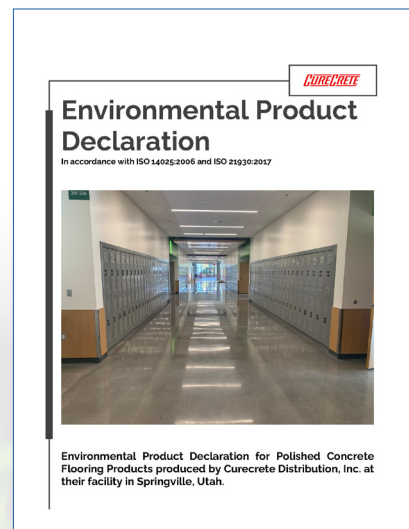

Curecrete densified and densified-polished concrete flooring system with third-party verified EPD; compliant with ISO 14025, ISO 21930, and EN 15804+A2.

KEY MESSAGE

Curecrete combines decades of proven performance with third-party verified sustainability leadership. Our EPD reinforces our commitment to long-lasting, environmentally transparent concrete flooring solutions.
